Low Funds May Slow Area Hiway Building

TRAVERSE CITY — Road building costs in the 33 Lower Peninsula counties north of the Muskegon-Bay City line have totaled \$137,140,012 since 1957 but lack of needed funds threatens to slow the pace in the future.

This was the warning today of Wallace D. (Mike) Nunn, of East Tawas, at the 41st Annual Meeting of the Northern Michigan Association of Road Commissioners. Non-offered reports from State Highway Department records showing that in Crawford County, contracts for road and bridge construction authorized since July 1, 1957 totaled \$8,353,992.

The figures, he said, did not include right-of-way or engineering costs, but were broken down to show the miles or road construction, miscellaneous projects and bridge construction costs.

These figures for Crawford County are: Roads \$6,858,866; Misc. \$17,623; Structures \$1,317,503.

Nunn said a total of 2,089 miles of roads have been built or improved in the 33 counties, and another 100 miles of road construction at a total contractual commitment of \$10,831,725 is now in progress.

The Peterson Hardware Company last week sold the vacant property between it and the North Michigan Land and Oil Company building to Mr. Irving DuPre, of South Lyons and rural Grayling.

The ground was broken last week on the lot, which has been used for municipal parking, for the erection of a 30 x 60 one-story cement block building which will house a billiard parlor. Mr. DuPre states there will be six tables for play when the project is completed.

The work is being done by Jack Milikin.

Kick Off Set For Next Monday Boy Scout Funds Campaign

The annual solicitation of funds for operation of the Paul Bunyan Council, Boy Scouts of America, gets underway in the Grayling Area next Monday. Under the leadership of Robert MacIntosh, local Consolidated Gas manager, the campaign has been organized and men recruited to conduct the drive for the needed funds.

Two Scouting units are presently active in the Grayling area. The PTA is sponsor of the Cub Scout Pack with Carrol Wert as the Institutional Representative, Dewain Hall as the Pack Committee Chairman, and Norman Sorenson as the Cubmaster. Don Mothers as the Mesdames Norma Lee Secord, Marian Joseph, Phyllis Rockel, man, Capitola Westervelt, Ruth Steinbrink, Barbara Smock, Barbara Johnson, Lena Beckwith, Lois Hatfield, Norma, Gust, Sally Golinck.

An Explorer Post is sponsored by St. Mary's Men's Club with Lawrence Hunter as the Institutional Representative, Carl B. Minor as the Post Committee Chairman, and Lwlyn Doremire as the Post Advisor.

The basic aims of Scouting are Citizenship Training and Character Development and never has the need been greater than now, when forces of evil would make juvenile delinquents of our youth. Scouting also teaches boys worth while activities and self-reliance. A boy pays his share of the Scouting expenses when he pays his annual national membership fee, buys his uniform, his subscription to BOYS' LIFE magazine, pays his unit dues and camp fee.

His unit, assisted by the Sponsoring Institution, provides a meeting place, camping gear, flags and other program equipment.

But there could be no Scouting program without the Local Council, which assists in recruiting and providing training and counseling for leaders, makes literature, films, and other program helps available, keeps registration and advancement records and operates a camp for use of all boys.

Although the "Boy Scouts of America" receives an annual charter from the Congress of the United States, they receive no financial support from the government.

An annual campaign in each community provides the funds for operation. In the larger centers a Community Chest or United Funds campaign supplies the money. Either

Library Friends Hold September Meeting

At the September meeting of the Friends of the Library the many advantages of belonging to the Grand Traverse Area Library Federation were impressed on the members. The greatest advantage is the interloan service of 1,400 books for our library shelves at all times, at a cost of 30c per capita. This service is available at only a cost of \$1 per book.

A comparable number would cost our library \$7,000. We now have approximately 615 books toward this ultimate goal of 1,400 carefully selected books. A \$136 grant is given by the Federation to purchase books that will be owned by the Crawford County Library.

A discount is given on all books purchased through the Federation. Seven hundred dollars worth of magazines are available through yearly subscriptions at no additional cost. A record library (when facilities permit), a film rental service at a cost of \$1 per film for individual or group use, a card index service of books for rent less than possible at the local level, four days a year of intralibrary service for librarians (attended last week by Mrs. Souders and Mrs. Wedge), and the consultant librarian service for children and reference material are other advantages.

Earl Whaley, President of the Friends, informed all members that 1965 memberships were still outstanding. 1966 membership cards can be purchased at the library for \$1.

Thanks to all those helping in the daily tasks involved in handling the increased circulation of books and magazines, and to the Grayling Pharmacy for their gift of stuffed animals for the children's department, also to the City of Grayling for mowing the grass.

A request was made for folding chairs for permanent use or for loan purposes. They may be taken to the library. Also a request was made for Top Value redemption stamps that may be of use to individuals and could help supply the many needs of the library.

Mrs. Lewis Konvicka served coffee and cake which was enjoyed during the showing of the film "Pakistan".

Kick Off Set For Next Monday Boy Scout Funds Campaign

er way, Scouting is dependent on the generosity of the public for its support.

The Paul Bunyan Council has an operating budget for 1966 of \$58,000.00. The budget is carefully developed by an Executive Board, representative of the seven-county council, which meets monthly. Books are audited annually and are open to inspection. The council program is directed by a full-time professional staff of four executives, and two full-time girls are employed in the council offices.

The campaign in Grayling will get underway with a Kick-off breakfast at the Lorie Pine Restaurant on Monday at 7:00 a. m. Workers will meet then to receive their instructions and it is hoped that by the end of the week anyone interested in assisting in this campaign or is missed when the campaign worker makes his call may contact Mr. MacIntosh at his office. Your contribution is needed and appreciated!

Twenty-five play books, at a cost of \$1.25 each, have been ordered by the class. As soon as they arrive, try-outs will be conducted. When the cast has been selected, rehearsals will begin immediately. A royalty of \$50 has also been paid for permission to produce the play.

"The Trail of the Lonesome Pine" will be presented at the Grayling High School auditorium on November 19 and 20. Mr. Carl Minor, speech coach, will be the director. Mr. Garrett Bufo, art instructor, will supervise his art classes in the designing and construction of the stage set. Facial make-up and the designing of costumes will be directed by Mrs. Jean Compton. Mr. Frank Smith is the Junior Class Advisor.

MEET TO PLAN XMAS DECORATIONS

A group of Grayling Businessmen and Women met at Chief Shoppenagons Motor Hotel last Friday morning to discuss Christmas decorations in the business district. Earl Longworth was chairman of the meeting.

Plans are to have candy canes and/or candles made out of plywood in the same manner as the choir-boys were made last year, and with these decorated 1-75 business loop as far both North and South as possible with funds available.

Merchants will be called upon for a donation to offset the cost of the promotion.

The decorating was started three Christmas seasons ago and it is the hope of the group that each year more decorations can be added.

Donations toward the project would be gratefully accepted from any Grayling resident who wishes to help with the project. They may be made at the Chamber office.

Area Touted In Two Magazine Articles

One of America's top outdoor magazines, in its October issue, carries two fine articles on Grayling and our Ausable River. This type of publicity that is received in magazines of this calibre could not be bought with money. Fishing Editor A. J. McClane in "Float Trips U. S. A." devotes a whole paragraph to Grayling and the Ausable, emphasizing the Ausable as a major floating and fishing river for canoes and long boats alike.

He also gives excellent publicity to our local Chamber as the place to contact for the visitor to find out how and when.

JERRY CHIAPPETTA, with an article "Where The Deer Are", also gives the Grayling region a big boost as to where the deer herd is good and gives special emphasis to bow and arrow hunting. Your Chamber writes personal thank you letters to these writers and invitations to stop in and visit when they are in the area.

GHS JUNIOR CLASS PLAY SELECTED

"The Trail of the Lonesome Pine," an absorbing dramatization of John Fox, Jr.'s thrilling and vigorous novel, has been selected as the fall dramatic production at Grayling High School. The novel, dramatized by playwright Alice Chadwick, has been a favorite of theatre fans for years. Besides being a Broadway success, it has twice been made into a movie. America's great humorist, Mark Twain, upon reading the story, immediately rushed to praise and endorse it. It has remained a beloved classic ever since.

The Grayling High School Junior Class, which last spring produced the classic period play, "Jane Eyre," promises that "The Trail of the Lonesome Pine" will provide local drama lovers with another evening of the finest entertainment.

Twenty-five play books, at a cost of \$1.25 each, have been ordered by the class. As soon as they arrive, try-outs will be conducted. When the cast has been selected, rehearsals will begin immediately. A royalty of \$50 has also been paid for permission to produce the play.

LIBRARY NEWS

Librarian Mrs. Harry Souders,
Assistant Librarian Mrs. Roy Wed-
ge, Mrs. Jack Wainwright and Mrs.
Harold Dykema made a trip to
Traverse City Wednesday, Septem-
ber 22, where the librarians at-
tended the fall meeting of the
Grand Traverse Library Federa-
tion and the other ladies made se-
lections of books, 256 in all, which
are now on loan to the local li-
brary. The bookmobile delivered the
volumes on Saturday.

The bound back issues of the
Crawford County Avalanche have
been moved from the City Office to
the new library, where they are
stored in the basement. Librarian
Mrs. Souders wishes to point out,
that because of their location and
rarity of these books, and to pre-
vent vandalism in connection with
them, children assigned to do re-
search in them must be accom-
panied by their teachers or an
adult, and adults are requested to
make an appointment with the li-
brarian to use the volumes.

Grayling, Michigan, Thursday, September 30, 1965

Two Decades And A Year!

With this issue of the Avalanche, the present editor and publisher completes twenty-one years at the helm. This is over two decades and is in time span nearly one quarter of the life of the Avalanche, eighty-seven years.

In the years since moving to Grayling on October 1, 1944, the changes in Grayling and Crawford County have been tremendous. New schools, a new hospital, new library, new City Hall, new churches, new and also completely remodeled business and store buildings, new factories, new highways. It would be almost impossible to remember the town as it was back during those days when our country was at war.

There has also been quite a change in the population. There are many, many new faces in the area and, most unfortunately, many loved faces that were here when we came have left us forever.

It is our belief that the past twenty years has seen quicker and a more deep change in this area than in anytime in history. However, we also believe, that the next twenty will see an ever-increase in the speed of modernization both to the business community and in the residential areas of our county.

With more people with more time on their hands and more money to spend, the recreation areas of Michigan are in for a real boom. This is especially true for those communities who plan for it and begin to move in the right direction as we believe Grayling and Crawford County is.

Our family has now lived longer in Grayling than in any other city in which we lived previously. We have made many friends since coming here and we really think of it as "our hometown". There have been some times of friction and we perhaps have made an enemy or two along the way. Let us just say this, that we always were trying to do our job and if someone was hurt, it was not meant to be that way. — R. W. S.

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO

October 1, 1942

Monday afternoon a meeting was held at the court house for the purpose of planning and organizing an airplane spotting station here in accordance with the Civilian Defense Service. This post, the location of which has not been definitely decided upon yet, will be manned 24 hours a day by volunteer workers. Both men and women volunteers over the age of 16 years are asked to cooperate; if only for a few hours one day a week. It is imperative that they have 24 hour watch once this work is started. At the meeting Monday Major Barnes of Fort Brady was present to aid in the organizing. Also Michigan State Police officers Sergeant Knox of Lansing, Sgt. Stahl of Gaylord and Trooper Smyczynski of Gaylord assisted. Conservation officers McClure and Trest of Roscommon met here with the organizing group. Grayling men present at the meeting were Sheriff John Papendick, Oral Levan, Defense Corps manager and George Burke and Alfred Hanson, Defense Commissioners.

Mr. and Mrs. Max Dudman of St. Ignace, visited the latter's sister and husband, Mr. and Mrs. Russell Robertson over the weekend.

Showing plenty of power in the first half, Grayling's High School football team defeated a strong Lake City eleven last Friday in the home opener at the Tourist Park 14-6. The veterans Capt. Clark and Ross Thompson led the backfield last Friday with some nice running and generalship. Sandy Thompson played the full back position and Gierke, Entsminger, Smock and Corwin filled in at Gildner's old post at right halfback. The position is still wide open with Edwin Owens being inserted as another competitor for the injured Gildner's position.

It certainly was a new experience for many of us to see snow in September. We can now boast of an even inch of snowfall, or should we apologize for a while yet? Tony Trudeau

14% In Own Businesses In County

(Special to the Avalanche)

NEW YORK—The spirit of individual enterprise and adventure shines bright in Crawford County, judging from the number of local residents who have taken the financial plunge and gone into business for themselves.

Each year, an additional number of local men and women, with the urge to be on their own, embark on new ventures. Some succeed and some don't. The mortality is high.

According to the latest Government tabulations, there are 226 local residents who make their living from their own businesses or professions.

They are storekeepers, the doctors, the farmers, the barbers, the electricians, the gas station owners and the others who are self-employed.

They do not have such problems as getting and holding a job. For them there are different problems — rent, supplies, labor costs, sales volume, competition and net earnings.

The facts and figures on the number of business concerns in each section of the country, as well as the birth rate and the death rate among new firms, are given in Department of Labor and Department of Commerce statistics.

They show that 13.8 percent of Crawford County's working population is self-employed.

This compares favorably with the ratio in many areas of the country. The average, in the United States, is 12.2 percent and in the State of Michigan, 9.5 percent.

Name New Home Service Representative

Stephanie Gruber of Eaton Rapids has been appointed home service representative for Michigan Consolidated Gas Company in northern Michigan, according to Robert G. Price, manager, sales division for the utility's Northern District.

Miss Gruber will assist Alice Richmond, home service director, at District headquarters in M. Pleasant, and will travel throughout northern Michigan giving demonstrations before churches, clubs, school groups and gas appliance dealers.

Miss Gruber is the daughter of Mr. and Mrs. James Gruber of Eaton Rapids. Last June she graduated with a BS degree in foods from Michigan State University. Her college activities included dormitory historian, Foods and Nutrition Club, treasurer and public relations chairman for St. Johns Student Center Activities Council.

"The addition of Miss Gruber to Michigan Consolidated's home service staff is evidence of our desire to fulfill the many requests we have for cooking and appliance demonstrations," Grice said. "We want to acquaint every homemaker with the convenience and economy of natural gas, and there is no better way to do it than through these talented young ladies."

Circulate Leaflet To Warn Teenagers On Drinking

One gap which fortunately in-
volves little time pressure is the
enactment of laws relating to the
new job of legislative auditor gen-
eral.

Democrats control both houses
this year and best guesses indicate
future elections will find them in
the majority in at least one house.
They appointed Albert Lee to this
new position.

One attempt to spell out the leg-
islative auditor general's duties
was made this year but the govern-
or's veto ax fell on it.

Gov. George Romney said the
bill as written would have given
this new officer much broader
powers than were intended in the
constitution. He also used his line
item veto to withhold from the
legislative auditor general \$17,869
designated for race track audits,
which he also said was outside the
province of the job.

Veto of the main bill had little
effect on the continuing operation
of Lee's department. It simply
meant the Democrats will have to
do some work to meet the govern-
or's objections.

Very specific language is used in
the constitutional section dealing
with the legislative auditor gen-
eral.

In a single paragraph the con-
stitution provides for a certified
public accountant to be appointed
by the legislature to an 8-year
term. It prohibits the appointee
from being named or selected to
any other state public office dur-
ing or for two years following his
term.

The constitution designates that
he is to conduct performance and
"post-audits of financial transac-
tions and accounts of the state
and of all branches, departments,
offices, boards, commissions,
agencies, authorities and institu-
tions of the state."

Important gain has been made
so far this year in one area of
traffic safety, but it has been al-
most totally offset by a worsening
in another area.

Highway fatalities have drop-
ped, but unfortunately the num-
ber of injury accidents has climb-
ed to an alarming degree," re-

ports State Police Commissioner
Frederick E. Davids.

In the first five months of the
year, Michigan motorists record-
ed 58,518 traffic injuries as com-
pared with 51,786 in the same
period of 1964. The number of ac-
cidents also jumped from 108,000
last year to 125,000 this year.

By circulating a leaflet entitled
"The Choice is Yours," the De-
troit-based publication hopes to
"tell teenagers in honest terms
what could happen if they are
caught drinking or even with alco-
holic beverages in their posses-
sion."

The leaflet is being distributed
through church groups, schools, li-
braries, civic and community or-
ganizations and retail outlets.

Teenagers are warned that reck-
less acts now may jeopardize their
admittance to college, a military
career or future job prospects. It
emphasizes the law and the fact
that violation could produce a
criminal record.

"What is needed most is educa-
tion, we feel," says publisher Ken
Davison.

The Michigan Liquor Control
Commission had hoped to publish
a similar pamphlet on its own but
did not receive funds for this pur-
pose and has endorsed the leaflet
prepared by the Beverage News.

The thought-provoking message
on the four-page leaflet is a sim-
ple and yet complex one: "Is tak-
ing 'a little drink' worth risking
all your hopes for an honorable
and rewarding career?"

WHO AUDITS WHOM
Some accomplishment was re-
corded by the legislature this year
in the continuing implementation
of the still new state constitution,
but gaps still remain.

BAY CITY — Supervisors from the 29-county region served by the East Michigan Tourist Association attended a workshop at the Wenonah Hotel September 16, in Bay City. Supervisors heard EMTA Manager James H. Hall and Dr. F. H. Letchfield, President, explain the story of expanded regional tourist promotion for 1966 and a report of 1965 accomplishments.

Attending supervisors were asked to evaluate their appropriation to the East Michigan Tourist Association and some were asked for increased county support. The legislature increased the budget of the Michigan Tourist Council, which earmarked a \$5,000 increase to each of the four regional tourist associations for 1966. Financial support has also increased from business members of the 55-year old tourist group. Results of the 1965 campaign brought in more than \$15 million in new tourist business to the 29 county region.

LONG TIME SUMMER RESIDENT PASSES ON

David Marshall Whitney, member of a prominent Detroit family, died Friday, September 3, 1965. He is survived by his wife, Phyllis Tremonti Whitney, two sons by a former marriage, David Marshall Whitney, Jr. and Charles Robert Whitney, seven grandchildren and three great grandchildren.

Mr. Whitney was born in Detroit February 12, 1893, the son of the late David C. Whitney and Susan Marshall Whitney, grandson of the late David Whitney, Jr., prominent lumberman and real estate owner at the end of the last century.

The family has long been associated with Park, Davis & Company, the original holdings of George W. Davis having been acquired by the Whitney and Buhl families. The family has also owned important downtown business property, including the David Whitney Building which was recently sold.

At the time of his death, Mr. Whitney was chairman of the Whitney Realty Company, Ltd. and president of the Grand Circus Garage. He had formerly served as director of the Detroit Savings Bank, now the Detroit Bank & Trust Company, and other concerns. He has carried on the family tradition of being identified all his business life with well-known Detroit and Michigan enterprises and properties. He purchased the Arthur F. Wakeley homestead east of Grayling in 1929, still in his name, and the former Charles Joslyn property on the Ausable in 1932, now owned by the George Griffiths.

Mr. Whitney was a member of the Detroit Club, the D. A. C., the Detroit Boat Club, Detroit Yacht Club and the Grosse Pointe Club. Funeral services were held at 10 o'clock Tuesday morning, Sept. 7, at Our Lady of Good Counsel Church. Officiating at the services were Mrs. Whitney's brother, the Rev. J. B. Tremonti, C. S. U., Head of Education, Department of Loyola University, New Orleans, La., the Rev. E. V. Cardinal, C. S. U., Rochester, Minn., the late Rev. C. Marzano, C. S. U., Chicago, the Rev. John D. Cusack, Erie, Pa., the Rev. John Van Antwerp of Detroit, who had baptized Mr. Whitney.

Mrs. Whitney plans to spend some time at her home near Grayling in the near future.

Moose Lodge Activities

Saturday evening, there was a District meeting at the Lodge, with seventeen members present. State Civic affairs chairman Jerry Brando was guest speaker. Members came from Cadillac, Reed City, Manistee, and Ludington, with several staying all night. We also had an enrollment, by our own degree team, enrolling six new members into the lodge. A fine meal was served by the WOTM earlier.

Sunday the Legion of the Moose Club held their monthly meeting breakfast at the lodge, with several out of town visitors present. The next Legion Club breakfast will be either Oct. 16 or 23. Depending on when the District Legion Frolic at Saginaw is held. It will be held on a Saturday evening with a pancake supper instead of the Sunday morning breakfast. Our next enrollment is Oct. 30th.

The State Mid-winter Conference will be at Hillsdale Nov. 5, 6, 7. Several members are planning on attending. The first MYO meeting for the season will be held at the Lodge Basement next Wednesday, Oct. 6 at 7:30 p. m. All interested teenagers are invited to attend. Mrs. Clarence Ingalls is in charge of arrangements.

WOMEN OF THE MOOSE

A meeting was called to order September 20th by the Senior Regent, with 12 members answering roll call. The minutes of the last meeting were read and approved. Carol Bancroft resigned from her office as recorder. Patricia Bayn and Lillian King ran for the office with King winning.

Senior Regent Betty Foster asked for Mooseheart and Mooseheart chairman for the annual Christmas in October party. This will be held on the first meeting in October, which is the 4th. Jeanette Gugin is chairman for both. She has four girls to help her.

M. Y. O.

It has been announced by the Moose Lodge Civic Affairs chairman, Chuck Stoddard that the lodge will again sponsor a Teen Club this year, as they have done the past two years. The first meeting for the Teen-agers will be at the lodge basement Wednesday, Oct. 6, at 7:30 p. m. Mrs. Clarence Ingalls will be in charge this year.

A complete re-organization will be made, with a meeting of Civic-minded persons of the community, as soon as arrangements can be made. This meeting will help determine the need of the community for our teen-agers, and hope it can be determined how it can be helped.

The Club has been known as the MYO. It not only gives teen-agers something to do, and take an interest in, but teaches them responsibility. They cannot ask for donations, but must earn their way, so it also teaches them thrift. They adopt their own By-laws and Rules to enforce them. There are constitutional laws against bad language, drinking, etc. so it also helps teach self-discipline. Adults attending their sessions, either as chaperones, or visitors, must also abide by their rules. Their by-laws must be approved by an advisory committee of adults before they become law.

This club is not for members of Moose children only. All teen-agers who are of good moral character are invited. Parents of teen-agers are invited to attend sessions, but again, we say, must abide by their rules. No person who has been consuming alcoholic beverages is allowed to attend any session or function.

Our children need the support of our community, so let's give it to them.

Careers in Public Health Beckon Young People

"In the field of health today, there are many opportunities for young people to build an interesting and rewarding career," stated Dr. Georgia Mills of the Dist. No. 1 Health Department.

She said that because of our rapidly expanding population, skilled individuals will be needed in increasing numbers to apply the medical and sociological knowledge of this and future generations. It has been estimated that by 1970 close to 20,000 additional personnel will be needed by the public health service just to keep pace with the population growth. These new personnel must come from the ranks of the country's educated youth.

In outlining health career opportunities, Dr. Mills spoke of the self-satisfaction that is a part of working with and helping people to achieve better standards of health and living conditions. She also referred to the current image of a health team member as one of dignity and respect within the community, and within the health profession as a whole.

"At the present time, opportunities are limited only by an individual's desires," she said. Typical positions now open in the health service range from those of laboratory scientists, through field workers and engineers, to specialized ones such as nutritionists, nurses, dentists and physicians, sanitarians, and medical directors. A number of colleges and universities, he added, are now offering courses of study in public health, and some even have work leading to advanced degrees. Also, many public health agencies have worthwhile programs of tuition assistance by which employees may continue their education and "earn while they learn." Openings exist in a person's home town, or in far-flung and intriguing places throughout the world.

Dr. Mills summed up her remarks by saying that health officers on a national, regional and local level are interested in talking to young people about the opportunities and advantages of a public health career.

More Marital Splitups in Crawford Co.

(Special to the Avalanche)
NEW YORK — How permanent are marital ties among residents of Crawford County? How does the local divorce rate compare with that elsewhere?

For the vast majority of local people, marriage is a one-time thing. The latest statistics on the subject, gathered by the Department of Commerce, show that 66 per cent of the population over age 14 are married and are living in usual husband - wife relationship.

Compared with the proportion of such husband-wife families elsewhere in the East North Central States, 67 per cent, the local figure is low, however. It is also below the 68 per cent in the State of Michigan.

The need of a closer look at the nation's marriage and divorce statistics is emphasized in recent reports by the FBI and by the Family Service Association of America.

Family breakdown, which the association claims is responsible for much of the greatest immorality and crime in the United States, is termed the major social problem facing the country.

It explains, to a great extent, the amount of delinquency among young people and the large number of mentally disturbed children, they maintain.

In Crawford County, 62 persons out of every 1,000 over age 14 are listed as divorced or separated. Not included are people who have remarried after having been divorced.

The ratio is higher than that reported for other parts of the United States, the average being 42 per 1,000. In the East North Central States, it is 41 per 1,000.

The reports show that the probability of marital splits varies greatly as between various segments of the population. It also varies as between different regions of the country, between urban and rural and between white and non-white.

Age at the time of marriage is also a factor. The proportion of divorces granted per year to those under 25 is about three times that for the total married population, the Department of Health, Education and Welfare finds.

One new member, Mrs. Mary Venus, was welcomed to our group. At the close of the business meeting Mrs. Waiser gave a lesson on painting stones for decorative uses. This was very interesting.

The next meeting will be October 13th with Mrs. Jack Kaiser as hostess.

Bits O' Talk

Miss Melinda Kay Baneroff happily celebrated her sixth birthday with fifteen of her classmates on September 21. Mindy and her guests enjoyed the party in a room festooned with balloons and streamers. Prizes for the games played were won by Scott Fick, Caron LaMotte and Becky Hildebrand. After Mindy opened her lovely gifts the traditional birthday treat of cake, ice cream, pop and candy favors, was served. Earlier that afternoon her first grade class was surprised with cup cakes for all.

Grayling Education Association Meets

The Grayling Education Association, local chapter of the Michigan Education Association, met for the first time this fall in the home Economics Department of the high school with the new president, Mrs. Jean Compton, presiding.

The speaker for the occasion was Mr. Tom Patterson, Field Representative of the M. E. A. for this area who presented an informative discussion of the implications of the recent passage by the Michigan Legislature of Public Acts 379 and 282. Act 379, amending the Labor Mediation Act, makes it lawful for public employees, including teachers, to organize and to select an exclusive negotiating agent. Public Act 282, amending the Hatchinson Act, requires public employers, such as school districts, to negotiate with their employees.

Mr. Patterson emphasized the responsibility of local M. E. A. chapters to prepare themselves in good faith and with the dignity expected of a professional organization, since many features of both of the Acts open the door to the organization of groups best known for lack of dignity, professionalism and good faith.

Much remains to be learned about how these Acts will function, but more information and special training sessions will be provided by the state organization in the coming months.
